Profile

Dedicated and ambitious software engineer with 3 years of experience in developing scalable and efficient software solutions. Eager to leverage my skills and expertise to drive innovation and growth in a dynamic and forward-thinking organization.

Skills

Programming Languages: C#,C++ ,C,Java,python, javascript ,PHP,HTML/CSS,Angular

Tools and software: Git , Postman , Jenkins , VS Code , Visual Studio

Database: Mysql , PL/SQL , Oracle

Subjects: Data structure and algorithms , Object Oriented Programming Structure(OOPS), Operating System, Database Management System, System Design,Software development life cycle(SDLC)

Other Skills: RESTful APIs, CI/CD Pipelines, Agile Development, Communication, Team Work, Microservices Architecture

Professional Experience

Associate Software Engineer   **Aug 2023 - Dec 2024**
Benzy Infotech   *Kerala, India* 🔗

- Spearheaded the integration of new airline systems into existing web applications, leveraging ASP.NET and RESTful APIs to enhance customer experience and drive sales growth.
- Developed and maintained large-scale databases using SQL Server, optimizing query performance and ensuring data accuracy and integrity.
- Troubleshooted and resolved complex technical issues, reducing issue resolution time by 35% and improving customer satisfaction.
- Achieved smooth version control, minimizing code conflicts by 90% and enhancing code quality by 25% through meticulous code reviews and comprehensive testing.

Junior Software Engineer   **Sep 2022 - Aug 2023**
Benzy Infotech   *Kerala, India* 🔗

- Supported the development and testing of .NET-based modules for enterprise applications, focusing on reliability and maintainability.
- Participated in Agile ceremonies including sprint planning and stand-ups, contributing to on-time delivery of key features.
- Assisted in integrating RESTful APIs and third-party services into web applications.
- Helped maintain SQL Server databases, writing queries and procedures to support application needs.
- Collaborated with senior engineers in debugging and resolving technical issues in development and staging environments.

Intern   **july 2021 - Sep 2022**
Benzy Infotech   *Kerala, India* 🔗

- Assisted in building and maintaining web applications using ASP.NET 🔗 and Angular, contributing to front-end and back-end development tasks.
- Worked with SQL Server to design, query, and manage databases, supporting core business functionalities.
- Gained hands-on experience in debugging and resolving UI/UX issues and backend logic errors under the guidance of senior developers.
- Contributed to optimizing existing modules for better performance and responsiveness across web platforms.

Education

Indira Gandhi Open University   06/2017 – 03/2021
MCA   Thrissur, India

Calicut University   06/2014 – 04/2017
Bsc Computer Science   Thrissur, India

Certificates
